Adam's Peak (Sri Pada) – Season begins on the 03rd December 2017

Adam's Peak is the fourth highest mountain with the height of 2244m and is located 40km northeast of Ratnapura district of Sri Lanka. This mount is also named as the sacred mountain as the footprints of the Lord Buddha and still there are millions of people came here every year to pay tribute to the lord Buddha arrival. For centuries this place has been used by pilgrims from all over the world to pay religious ceremonies associated with their religions but unfortunately, this religious ceremonies changed

Hiking on Sri Pada (Adam's Peak)

Apart from the religious attraction for Mount Sri Pada(Adam's Peak), a number of tourists visit it for its geographical position it took almost 5 hours to reach the top. A rich biodiversity exists near this mountain where a number of forests and hills awaits you. There is no railway or Air service to the mountain but the highway of Hatton city where you might find a railway line to to reach your destination.
